Normandale Neighborhood Roadway Reconstruction

Dear Resident:

The following is a quick update of the project in your neighborhood:

Neighborhood Reconstruction Schedule – Stage 2 (Parnell Avenue south of 64th Street and West Shore Drive)

On-street parking will not be allowed next week. The contractor will grade the gravel in the street on Monday and Tuesday in preparation for paving, weather permitting.

The first layer of asphalt will be paved shortly after grading is complete. You will receive a door hanger notifying you the day before paving will occur. The roadway will be open for traffic during the paving process with isolated closures in areas where crews are working. You may drive on the asphalt shortly after it is compacted by the roller. Crews will be on site to direct you.

Irrigation systems have been plugged where they have been cut by the construction crews. Next week, these systems will be repaired by the contractor.

Communications
